

SOUTH ASIAN GLOCAL TEEN HERO

WHAT IS GLOCAL TEEN HERO?

Glocal Teen Hero is an award event that is designed to recognize dedicated, passionate and innovative teenagers of Nepal. It is to bring out the teenagers from the shadows who are doing something and create a ripple effect in the society.

The overall purpose of this initiation is to motivate and encourage the teenagers to step out of their comfort zone, be creative and develop entrepreneurial thinking. This would provide them a national recognition and empowerment.

We build a platform to showcase their achievement and initiation and develop a motivation factor for teenagers to develop a leadership quality. Teenagers can compete and earn the recognition which will then motivate them and more of the other teenagers in our country to develop an entrepreneurial thinking.

We provide them a networking opportunity so that their initiation, achievement can be developed further. The finalists are further involved with various soft skills, training and development programs that would develop the leadership and entrepreneurial skills in those teenagers.

One of the finalists is then awarded as the Glocal Teen Hero whom we connect with hundreds of delegates from various industries of Nepal.

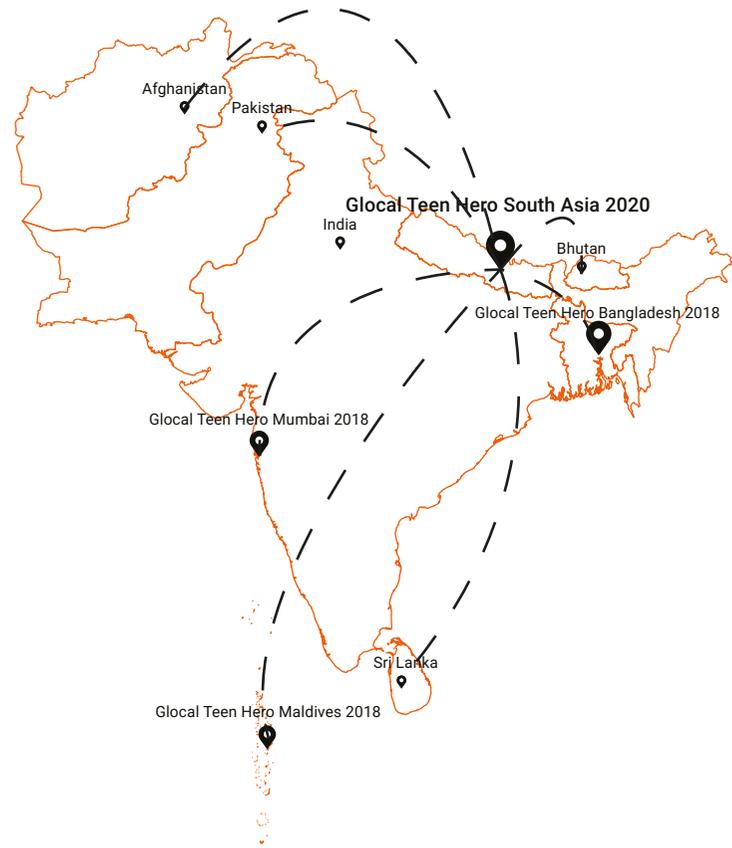

GLOCAL TEEN HERO ACROSS BOUNDARIES

One of its own kind, "Glocal Teen Hero Nepal" sowed its seed on 2015 with an aim to recognize the teenagers who have stepped out to create an impact in the society and nation. Glocal Teen Hero, an initiation to recognize the teenagers who have initiated, achieved outstanding activities to create a ripple effect in the society. We first started from the year 2015, with an achievement of 98 applications where we recognized the first "Glocal Teen Hero 2015".

Following the legacy, with the title sponsorship from Wai Wai the second edition of the initiation was commenced as "Wai Wai Glocal Teen Hero 2016", with a participation of 281 applications from all over Nepal. The support from the partner organization like UNDP, Indian Embassy, Coca Cola, Honda, etc. dramatically help us develop and succeed in making our vision a reality and contribute in the future endeavors.

The third edition of the initiation aimed to provide a greater perspective where an international teen conference was held along with "Wai Wai Glocal Teen Hero 2017". Glocal International Teen Conference (GITC), a day conference organized by Glocal Pvt. Ltd. in Kathmandu, staffed entirely by teens and young adults. It provided an opportunity for teenagers to authentically address issues that are important to them without having to overcome generational barriers.

The conference is the platform for knowledge and experience where teenagers can learn about leadership, empowerment and social impact through a participatory and interactive environment with their peers from all over the globe.

The phenomenal response of first, second & third edition has fuelled our vision further to motivate and empower more & more teenagers, with a platform that provides them a national recognition for their achievement, initiation and activities. Therefore, with added impetus, we are now sowing the platform seed at India, Bangladesh and Maldives for the year 2018 with a motive to empower teens beyond boundaries.
